Mission villa

- 3 apartments
- Large gathering space in the largest apartment
- Own saunas

Service building

- 3 guest rooms
- smithy
- Heating plant
- Summer kitchen

From a small beginning

Old Kiponniemi was once a small farm. It was acquired by Finnish Free Evangelical Church in 1969, by which time the farm operations had already ended and the space was used as a summer residence.

The space was originally acquired as a camp and course center, but the operations have expanded so that today there are events in Kiponniemi all year round.

Kiponniemi has approximately 5,000 guests and an average of 150 events annually. Christian events account for about half of all events, and the rest are various corporate events, from conferences to training and workplace well-being events. In addition to serving as an event venue, Kiponniemi also produces its own events and content.

Ecological living

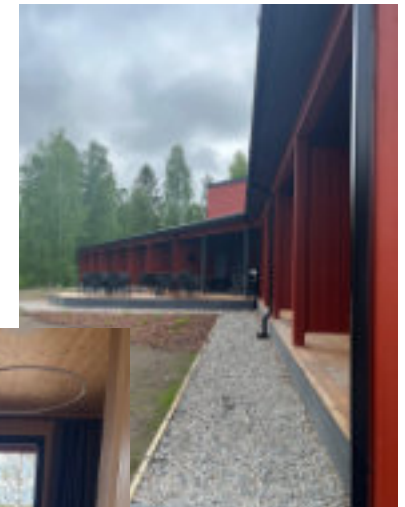

The new accommodation and conference building “Awakening”, completed in autumn 2024, brought much-needed additional accommodation space to Kiponniemi’s total capacity. The meeting space enables independent events to be held alongside other events in its own building.

“Awakening” is Finnish wooden construction at its best!

Awakening in a nutshell

- 8 rooms (2-4 persons)
- 2 premium rooms (2 pers)
- Kitchnette and private terrace in each rooms
- Approx. 70 square meters of meeting space

An ecological building breathes and is in a class of its own in terms of construction technology. It is good to be and breathe in a safe space.

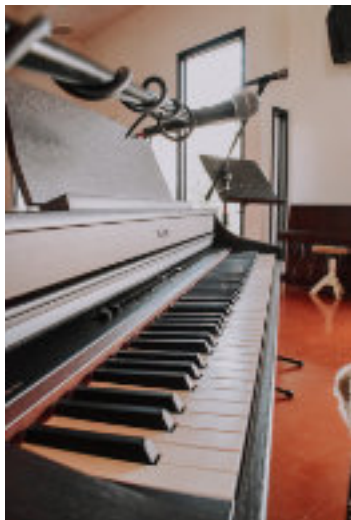

Meeting and conference facilities

Kiponniemi has meeting rooms for various needs, both inside and outside. The halls and spaces are decorated according to the customer's needs and wishes to suit different types of events.

The facilities are ideal for conferences, training and stakeholder meetings.
